

PRESS RELEASE

OMER ATTENDS THE “APTA EXPO 2023”, TAKING PLACE IN ORLANDO, THE MOST IMPORTANT INTERNATIONAL EXHIBITION FOR THE PUBLIC TRANSPORT INDUSTRY

THE ATTENDANCE WILL ALLOW TO IMPROVE OMER’S VISIBILITY IN THE U.S.A.

Carini (PA), 9 October 2023 – OMER S.p.A. (the “Company” or “Omer”, ISIN IT0005453748) – a company active in the sector of components and interior furnishings for railway vehicles – announces that it will attend the “APTA EXPO 2023”, the international exhibition that represents the most important event for the main characters of the public transport industry. This edition will take place from Monday 9th to Wednesday 11th October 2023 in the U.S.A., in Orlando (Florida).

For Omer, which will be at the **Stand 1240**, this event represents an additional opportunity to do networking and to establish itself on the American and international market. During the event, the company will show to the main operators of the sector its products and technologies. The event will also be a chance for discussion and dialogue with experts from all over the world.

An unmissable event for all the excellences of the public transport, an excellent international showcase to share innovative visions and promote the growth and development of the sector. The 2023 edition will be the largest and most attended since 2017, as estimated by the organizers. Perfect premises, if we consider that the event was already held in Orlando in 2021, and it got a great success. For this reason, Omer could not miss the opportunity, and important members of its team will participate, including **the Management of Omer North America Corp together with Andrea Lo Franco, Head of Project Management and Stefano Rinco, Omer Group’s Sales Director.**

Giuseppe Russello, CEO of Omer, commented: *“Taking part in the APTA EXPO in Orlando represents for Omer an important strategic opportunity, in order to ensure continuity in international relations with transport operators, which we have been building for all these years of activity. Moreover, it represents a moment to analyze and update on the latest news and technologies. Transport is a sector always in evolution and of great strategic importance, considering the relevance it has for the mobility of people and the impact it has on the environment. This is why our research and development department is always ready to identify the best technologies to get the best products, as the market asks us. According to us APTA Expo is a fundamental meeting to deal with the international context, to talk with the specialists of the sector and to tell the results of our growth and our ongoing effort in the research”.*

About OMER

OMER S.p.A., founded in Palermo in 1990 as a manufacturer of components for road vehicles, in 1993 began operating in the sector of components and interior furnishings for railway transport vehicles. Today OMER is an important international operator in the sector of design and production of railway components with a high engineering, design, and innovative content, intended for the fitting out of high-speed, regional, and metropolitan trains. The Company positions itself as a partner of the railway train builders, who receive their orders from the railway transport operators. The Group is recognized by the main rolling stock manufacturers and specializes in the design and production of railway interiors, i.e., internal linings for all areas of the vehicle, toilet module cabins, as well as external carriage components, such as fairings and doors. The Group's commitment is also expressed in terms of ESG (Environmental, Social, Governance). The Issuer's products are in fact intended for a sector with particular attention to the environmental impact such as the railway sector. In this regard, the prevalent use of aluminum inside trains is oriented towards high recyclability. For further information: www.omerspa.com
