About OMER

OMER S.p.A., founded in Palermo in 1990 as a manufacturer of components for road vehicles, in 1993 began operating in the sector of components and interior furnishings for railway vehicles. Today OMER is an important international operator in the design and production of railway components with a high engineering, design and innovative content, intended for the preparation of high-speed, regional and underground trains. The Company is positioned as a partner of the manufacturers of railway trains, which receive their orders from railway transport operators. The Group is recognized by the main manufacturers of rolling stock and is specialized in the design and production of railway interiors, i.e. internal coatings intended for all areas of the vehicle, of cabins for sanitary modules (so-called toilet module cabins), as well as of the external components of the carriage, such as fairings and doors. The Group’s commitment is also made clear by an ESG (Environmental, Social, Governance) profile. The Issuer’s products are in fact intended for a sector which cares for the environmental impact such as the railway sector. In this regard, the prevalent use of aluminium inside the trains is oriented towards high recyclability. For more information visit our website: www.omerspa.com
