

PRESS RELEASE

OMER: THE OPERATIONAL ACTIVITIES FOR THE EXECUTION OF A NEW ORDER OF FAIRINGS BY THE ALSTOM GROUP FOR AVELIA STREAM HIGH-SPEED TRAINS HAVE STARTED

THE ORDER WILL CONTRIBUTE BETWEEN 8% AND 12% TO THE VALUE OF THE BACKLOG¹

Milano, December 3rd, 2025 - OMER S.p.A. (the “Company” or “OMER”, ISIN IT0005453748) - a company active in the field of interior components and furnishings for railway transportation - announces that it has started the operational activities for the execution of a new order by the **ALSTOM Group** concerning the supply of **fairings** for Avelia Stream high-speed trains, which Alstom will supply to a leading Italian operator.

The contract awarded to OMER provides for the supply of fairings for **12 trains**, with an option for further **18 trains**. The start of delivery activities will take place **during the fourth quarter of 2025 and will be completed by the end of 2027**, with most of the execution taking place during 2026 and 2027.

The value of the contract will contribute between 8% and 12% to the Company’s backlog, which as of 30 September 2025 amounted to € 163 million¹.

Giuseppe Russello, Chairman and CEO of OMER, commented: *“The launch of this new contract confirms the trust that top-tier international clients continue to place in OMER. It is an assignment that strengthens our presence in the European railway market and our role as a key partner in the supply of high-quality fairings, toilet modules and interiors for high-speed trains. Looking ahead, we intend to continue investing in skills, technologies and production capacity, so as to offer increasingly advanced solutions and to respond promptly and reliably to the evolving needs of the market”*.

About OMER

OMER S.p.A., founded in Palermo in 1990 as a manufacturer of components for road vehicles, in 1993 began operating in the sector of components and interior furnishings for railway vehicles. Today OMER is an important international operator in the design and production of railway components with a high engineering, design and innovative content, intended for the preparation of high-speed, regional and underground trains. The Company is positioned as a partner of the manufacturers of railway trains, which receive their orders from railway transport operators. The Group is recognized by the main manufacturers of rolling stock and is specialized in the design and production of railway interiors, i.e. internal coatings intended for all areas of the vehicle, of cabins for sanitary modules (so-called toilet module cabins), as well as of the external components of the carriage, such as fairings and doors. The Group's commitment is also made clear by an ESG (Environmental, Social, Governance) profile. The Issuer's products are in fact intended for a sector which cares for the environmental impact such as the railway sector. In this regard, the prevalent use of aluminium inside the trains is oriented towards high recyclability. For more information visit our website: www.omerspa.com
