

PRESS RELEASE

OMER: THE OPERATIONAL ACTIVITIES FOR THE EXECUTION OF A NEW ORDER OF TOILET MODULES FOR HIGH-SPEED TRAINS BY A LEADING EUROPEAN SANITARY SYSTEMS PLAYER HAVE STARTED

THE ORDER WILL CONTRIBUTE TO THE VALUE OF THE BACKLOG¹ IN A PERCENTAGE BETWEEN 4% AND 6%

Milano, 7 May 2026 - OMER S.p.A. (the “Company” or “OMER”, ISIN IT0005453748) - a company active in the field of interior components and furnishings for railway transportation - announces that it has started the operational activities for the execution of a **new order** by a **leading European player in the sanitary systems sector**, concerning the supply of **toilet modules** for high-speed trains.

The order awarded to OMER provides for the supply of cabins for toilet modules for **108 sanitary systems**, with an option for further **162 sanitary systems**. The start of delivery activities will take place **during the first half of 2026 and will be completed by the end of 2027**, with a more significant execution during 2027.

The value of the order will contribute to the Company's backlog in a percentage between 4% and 6%, which as of 31 December 2025 amounted to € 161 million¹.

Giuseppe Russello, Chairman and CEO of OMER, commented: *“The start of this new order confirms the trust that leading international clients continue to place in OMER. This assignment strengthens our presence in the European railway market and reinforces our role as a key partner in the supply of high-quality toilet modules and interior solutions for high-speed trains. Looking to the near future, we intend to continue investing in expertise, technology and production capacity, in order to deliver increasingly advanced solutions and to respond promptly and reliably to the evolving needs of the market”.*

About OMER

OMER S.p.A., founded in Palermo in 1990 as a manufacturer of components for road vehicles, in 1993 began operating in the sector of components and interior furnishings for railway vehicles. Today OMER is an important international operator in the design and production of railway components with a high engineering, design and innovative content, intended for the preparation of high-speed, regional and underground trains. The Company is positioned as a partner of the manufacturers of railway trains, which receive their orders from railway transport operators. The Group is recognized by the main manufacturers of rolling stock and is specialized in the design and production of railway interiors, i.e. internal coatings intended for all areas of the vehicle, of cabins for

sanitary modules (so-called toilet module cabins), as well as of the external components of the carriage, such as fairings and doors. The Group's commitment is also made clear by an ESG (Environmental, Social, Governance) profile. The Issuer's products are in fact intended for a sector which cares for the environmental impact such as the railway sector. In this regard, the prevalent use of aluminium inside the trains is oriented towards high recyclability. For more information visit our website: www.omerspa.com
